SUMMARY

An aspiring IT student with a passion for technology and a focus on UI / UX Designing and Front End Development, I am dedicated to building a career in the tech industry. At 21, I bring a strong foundation in both coding and design, with skills in crafting engaging user interfaces and seamless user experiences. Eager to leverage my technical and creative abilities, I aim to contribute to innovative projects and grow as a UI / UX Designer and Frontend developer in a dynamic environment.

WORK EXPERIENCES

Freelance Graphic Designer   **Cebu City, Cebu**
